# JOURNAL OF COMMUNICATIONS SOFTWARE AND SYSTEMS

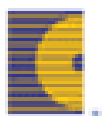

<http://jcomss.fesb.unist.hr>

JCOMSS

A Publication of the  
Croatian  
Communications  
and Information  
Society  
in cooperation  
with the  
University of Split,  
FESB, Croatia

Technically  
cosponsored  
by IEEE ComSoc

We are proud to announce that Journal of Communications Software and Systems (JCOMSS) has evolved to the peer reviewed open access journal offering to authors of the published articles quick promotion of the published articles, and the whole research community to freely access the valuable scientific information. JCOMSS is indexed in Scopus, EBSCO, Inspec, Google Scholar and CrossRef.

JCOMSS invites submission of high quality papers that advance the state-of-art and applications in communications, software engineering and communications systems and services. Researchers are solicited to submit manuscripts presenting new methods and inovative techniques, reports on experiments with analysis of performances of the systems and prototypes. The subjects covered by this journal include all aspects in communications software, systems and services in wired and wireless communications as well as other media, including body communications, underwater and molecular communications and multimedia and virtual reality technologies.

## Manuscript Submissions

Author guidelines and submission information is available at website: <http://jcomss.fesb.unist.hr/>. Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this Journal.

## Topics:

- Communications Software
- Interfaces and Communication Protocols
- Telecommunications Services and QoS
- Network Operations and Management
- Internet and IP Based Environments
- Software Defined Networks
- Mobile and Wireless Communications
- Cloud Communications and Computing
- Optical and Photonic Communications
- Green Networking Technologies
- Information Infrastructure and Security
- Communication Theory
- Multiple Access Techniques
- Signal Processing and Coding
- Computer Methods in Biomedicine
- Consumer Communications Technologies
- Human-Computer Interaction
- Industrial Networking
- Smart Home and Smart Cities Networks
- Next Generation Networks and Services
- Electromagnetic Compatibility in Communications
- Multimedia and Virtual Reality Systems

Note that all previously published papers in JCOMSS are now freely accessible at <http://jcomss.fesb.unist.hr/> by simple click "**Journal Archives**" and registering yourself.

JCOMSS is an all electronic processing journal, published quarterly, offering typically 3 months window for final decision about publishing for well prepared regular papers that are accepted after one round of review.

**EDITORIAL CHAIR: Nikola Rozic**, University of Split (rozic@fesb.hr)

**EDITORS-IN-CHIEF: Dinko Begusic**, University of Split (begusic@fesb.hr)

**Mladen Kos**, University of Zagreb (mladen.kos@fer.hr)

**ADVISORS CHAIR: Stephen B. Weinstein**, NEC USA Inc. (sbw@ccrl.nj.nec.com)

## UPCOMING JCOMSS SPECIAL ISSUES

### Special issue on Enabling architectures and technologies for Smart Cities

Editorial Team:

**Petar Solic** (lead guest editor),

**Luigi Patrono**,

**Toni Perkovic**,

**Luigi Atzori**.

### Important dates:

Submissions due: **15.01.2017**.

Notifications due: **28.02.2017**.

Final papers due: **01.04.2017**.
