

Call for Papers

Special issue on

Computer Science and Renewable Energies

Journal of Communications Software and Systems (JCOMSS)

The Special issue has the focus on the frontier topics in the computer science, applied engineering and renewable energies. The JCOMSS serves as good platform for all researchers and the entire engineering community to meet with each other and to exchange ideas. To achieve the concept of a smart city, there is still amount of efforts to be done, all opening significant opportunities related to the economic growth, health, wellness, energy efficiency, and transportation, with aim to promote sustainable development of cities. Fundamental research is needed to achieve effective integration for computing systems, physical systems, data sources, and infrastructure which have a major impact on the quality of life.

The aim of this special issue (SI) is focused on technological, architectural and practical innovations in the multidisciplinary field of the computer science and renewable energies. Authors wishing to submit papers for this SI should register and submit the article (PDF format) in the corresponding SI track by using the OJS system <https://jcomss.fesb.unist.hr>.

Guest editors co-chairs:

1. Salah-ddine Krit, Ibn Zohr University, Agadir, Morocco, salahddine.krit@gmail.com,
2. Valentina Emilia Balas, University of Arad, Romania, balas@drbalas.ro,
3. Mohamed Elhoseny, Mansoura University, Egypt, mohamed_elhoseny@mans.edu.eg,
4. Matko Saric, University of Split, Croatia, msaric@fesb.hr.

Topics include, but not limited to, researches and developments in the field of Computer science and renewable energies:

- WSNs
- Computing & Applications
- Robotics
- Modeling & Simulation
- Energy efficiency of buildings
- Fuzzy Systems
- Smart city theory, modeling and simulation
- Internet of Things for smart cities
- Communications and Networking for smart cities
- Smart technologies, systems, and infrastructures for smart cities
- Big data analytics and Cloud computing
- Mobile Crowdsensing for smart cities
- Cybersecurity and privacy for smart cities
- Intelligent Transportation Systems (ITS) improving mobility
- Smart energy/grid
- Renewable Energy Applications

IMPORTANT DATES

Submission deadline	June 15, 2019
Notification of acceptance	July 31, 2019
Final manuscript due	August 30, 2019
Published	September 2019

Journal of Communications Software and Systems (JCOMSS) is the peer reviewed **open access journal** offering to authors the quick promotion of the published articles, since the whole research community can freely access the valuable scientific information. The accepted papers are electronically published at the journal website shortly after acceptance. JCOMSS is an all electronic processing journal, published quarterly, offering typically **2 months window** for final decision about publishing for well prepared regular papers that are accepted after one round of review.

JCOMSS is indexed in Scopus, EBSCO, Inspec, Google Scholar, CrossRef and DOAJ.
